

**CHM 3140 Organic Chemistry I, Dr. Laurie S. Starkey, Cal Poly Pomona**  
**Exam Corrections Cover Sheet**

**Name:** \_\_\_\_\_

**Make corrections to your exam for 4 points course credit.** Refer to the posted answer key and use the PDF of your completed exam to make needed corrections. Use a different color pen or marker, so your corrections can be differentiated from your original work (or make a note \*corrections\* if you have any blank responses on your exam).

**Submit PDF to Gradescope.** Please complete this cover page and include it as the first page of the pdf you submit. If you worked on paper, use Genius Scan (or equivalent app) to convert your hand-written homework to a clean, readable pdf. How do I convert a “photo” into a “pdf”? ***Please crop your pages, apply the Color filter, and minimize the file size.***

**Self-Reflection Paragraph** This part is optional for most students, but **mandatory for students who scored below 55 points on the exam**. In the space below, describe your course goals for the rest of the semester. What actions will you take to improve your performance on the next exam? Be specific!
