## Chapter 13 Ethers & Epoxides Part 1 – <u>Practice Problems</u>

1 Predict the major products for the following reactions.

2 Predict the major products formed (X, Y).

3

Predict the major product.

Predict the major products for the following reactions.

Ph OH 
$$\frac{1) \text{ NaH}}{2) \text{ EtI}}$$
 OH  $\frac{1) \text{ Na}}{2)}$  Br  $\frac{1) \text{ Hg(OAc)}_2}{2) \text{ NaBH}_4}$ 

5 Which reagents would be best to achieve the following synthesis?

7 Predict the major products formed (**X**, **Y**).
